WHY THIS IS AN EASY RECOMMENDATION

Your clients already collect sensitive data. Most of them do it in the wrong tool.

PAN, Aadhaar-linked details, bank statements, medical histories, whistleblower reports — they arrive through generic form tools that can read every response. VerifID Forms encrypts each response in the respondent's browser, so **not even VerifID can read it.** That's a clear, defensible upgrade you can recommend with a straight face.

Zero-knowledge encryption

RSA-3072 protects a per-form private key; AES-256 protects the response data. The private key is generated client-side and never touches VerifID servers.

White-label branding

Upload a logo and the form picks up the brand's colours automatically. Clients see *their* form, not ours.

Compliance-minded templates

Ready-made templates for KYC, GST vendor onboarding, healthcare intake, whistleblower reporting and more, with consent statements built in.

Exports you control

Decrypt on your own device and export to CSV or Excel. Your key means your copy: not even VerifID can read the responses.

BUILT AROUND THE FRAMEWORKS YOUR CLIENTS WORRY ABOUT

DPDP ACT 2023 · GDPR · HIPAA · E2E ENCRYPTED

DPDP Act 2023, GDPR and HIPAA-aligned design. Compliance also depends on each organisation's own policies and processes — VerifID Forms provides the secure technical foundation.

> **Free to try, so referrals convert easily.** New users get a free trial — 1 form, 50 responses, full encryption, no payment details needed.

What the commission looks like

REFERRED CUSTOMER PAYS (ILLUSTRATIVE)	YOU EARN / MONTH	PER YEAR
₹2,000 / month	**₹400**	₹4,800
₹5,000 / month	**₹1,000**	₹12,000
₹10,000 / month	**₹2,000**	₹24,000

Illustrative plan values only. Current plans and prices are at verifidforms.com/pricing. Commission is calculated on the amount actually received by VerifID Forms, excluding taxes, after refunds.
